AARON G. SO

geelon.so@columbia.edu // geelon.github.io // 773.621.9265

M.S. computer science student with five summers of experience as researcher. Tutor to peers and elementary students. Inquisitive and compassionate, I work well in teams, learn quickly, and solve problems resourcefully.

// EDUCATION

COLUMBIA UNIVERSITY *Expected, August 2017 – December 2018*
Computer Science, M.S. Machine Learning Track

THE UNIVERSITY OF CHICAGO *September 2013 – June 2017*
Mathematics, B.S. with Honors GPA 3.56, Dean's List

Relevant upper-level courses: *complex analysis; commutative algebra; algebraic number theory; math probability; operating systems; unsupervised learning; the business of nonprofits; social science inquiry*

// EXPERIENCE

UChicago Research Internship (Computer Science Department) *Summer 2016*
- Developed a formulation of machine learning inspired by physics, topology, algebra, and prior research.
- UCISTEM Undergraduate Symposium Presentation: *A type-theoretic approach to unsupervised learning.*

Nonprofit consulting course (UChicago campusCatalyst) *Spring 2016*
- Teamed up with four other students to provide pro bono consulting for a local nonprofit.
- Designed an impact assessment model; with its results, we provided best practices to the nonprofit.

NSF-REU at UChicago in Mathematics (Research Experience for Undergraduates) *Summer 2014, 2015*
- Researched and wrote expository papers on (1) dynamical systems, with a focus on symbolic dynamics, and (2) the mathematics of quantum computing.
- Attended courses ranging over: topology, geometry, logic, graph theory, linear algebra.

// ACTIVITIES

Freelance Machine Learning Journalist *July 2017 – present*
- Researched and wrote articles on machine learning for a data science blog.

Computer Science and Math Tutor/Grader, UChicago *Autumn 2014, Autumn 2016 – Winter 2017*
- Courses graded: Honors Intro to Computer Science I, Intro to Computer Science II (languages: Haskell, C)

Alpha Phi Omega, Service Fraternity (Secretary, Winter 2015 – 2016) *Spring 2015 – Spring 2017*
- Devoted most of my volunteer activities to tutoring elementary school students in South Side Chicago through the Friends of Washington Park organization.

Accenture/Ronald McDonald House Consulting Case Competition, UChicago *Winter 2015*
- Led a team of five in a UChicago-wide competition; we won 2nd place out of 16 teams.

// SKILLS & INTERESTS

PROGRAMMING: Python, C, Haskell, Idris, Linux, Bash, Git, LaTeX

LANGUAGE: Spanish (proficient, reading and writing), Cantonese (intermediate, spoken), Mandarin (basic)

GENERAL: Self-motivation, teamwork, conflict resolution, creativity, writing

OTHER INTERESTS: Piano, chorus, swimming, running, reading, dialectics
